 Dear Mr Fox.

It is not often I ask favors, but I do want one of the Indian Medals that have been struck off at our Mint.

My position in the Peace Society & the labor we have performed for the U.S. & the Indians ought to entitle us to one as an emblem of the present Administration. I had one of Grant's getting up. It had the tail of Grant & now this has one of Pres Cleveland & I want to exhibit it at our Conventions as an evidence of the grand success with the Indians that our present Administration has achieved.

I mail you our May Peacemaker & you see at how the Indian question is heard. Try & secure a medal for your assured friend

# PHILADELPHIA BOARD OF ARBITRATION.

---

THIS Board has been established by the Universal Peace Union for the purpose of affording an equitable, economical and expeditious method of settling social, financial, political, labor and other difficulties by mediation or arbitration, instead of resorting to strikes, lockouts, boycotts, riots, lawsuits and other forms of coercion or antagonism, so expensive to all concerned and injurious to the community in which they occur.

Arbitration is often accepted as a *dernier* resort, after much loss has been incurred, by one or more of these antagonisms. It is the object of this Board to offer such facilities for settlement as will prevent losses of this character.

The general plan of proceeding is for any person or persons to make a statement of the nature of the grievance to the Chairman of the Board, who will advise as to the course to be pursued, either by mediation or conference with the opposite party. In most cases a friendly explanation or presentation of the case, by an impartial judge, is sufficient to secure a remedy for a difficulty which, if allowed to go on, would have led to serious complications and loss. Should, however, this effort not be successful, then submission to arbitration can be suggested, and, if agreed to by both parties, a time would be fixed for a hearing. If the case be one of easy solution, a hearing before the Chairman alone will suffice. If, however, it be a case involving difficult questions of adjudication, it would be entered for a meeting of specially-selected members, or a full Board meeting, of which due notice would be given to all concerned.

If the respective parties prefer to select their arbitrators from persons disconnected with the Board, the Chairman would notify such persons of their selection, and arrange for the conference at which the hearing is to take place.

Before proceeding with a case, it must be regularly entered with the Chairman of the Board, for which a small fee must be paid to secure good faith on the part of the applicant. When entered by the concurrence of both parties, a deposit, proportioned to the magnitude of the case, must be made to secure and meet the expenses of the arbitration. These expenses to be computed, and the party to pay the same designated in and form part of the adjudication. Whatever surplus may have been received on deposit to be returned at the close of each case.

All cases conducted in perfect confidence, and, if desired, without exposure or publicity. All inquiries to be addressed to

HENRY S. CLUBB,

Chairman of the Board, 2915 Fairhill Street,

where, for the present, cases may be entered for pacific adjudication.
